Dear Rector Professor Sergei Rubnikovich
Rector of the Belarusian
State Medical University

Dear Prof. Rubnikovich,

After reconsidering the factors associated with the recognition of Belarusian State Medical University (BSMU), and especially the higher percentage of students that obtained in the Israeli licensure examination a relatively higher score than in the previous years, I was decided to renew the recognition of BMSU for an additional 3 (three) years, namely, until the academic year 2026/2027.

Sincerely yours,

Prof. S. Yatziv MD

Director Division of Medical
Professions Licensing
